

Under the leadership of Simeon
Bar Cochaba, who claimed to be
the messiah, the Jews made their
last effort in antiquity to recover
their homeland and their
freedom.

For 3 yrs the rebels fought
valiantly against the legions.
Finally they were beaten by lack

of food & supplies

The losses destroyed 985 towns in Palestine and slew 580,000 men; a still larger number we are told, perished through starvation, disease & fire. So many Jews were needed as slaves that their price fell to that of a horse.

some living ate the bodies of the dead.
